Welcome Aboard!

At RiverHills Bank, personal service is what separates us from other financial institutions and we will make sure switching accounts is a smooth and hassle-free transition for you.

In this Simply Switch Kit, you will find easy-to-follow instructions on making the switch, as well as four forms that will make the transition quick and painless.

Here's all you have to do:

1. Open an Account with RiverHills Bank

To get started, all you need to do is visit us to open an account. Please bring in two valid forms of ID and an opening deposit of \$100.00 or more. You will receive starter checks when you open your account. Fill out the following Account Information Sheet.

2. Stop Using Your Old Account Immediately

Leave sufficient funds to cover any outstanding checks or automatic withdrawals that may be charged to your account. Also you may want to destroy any unused checks, debit cards or ATM cards, deposit slips, and any other information that could be used for fraudulent activity.

3. Change Your Direct Deposits and Automatic Withdrawals

Included with these instructions is a form that can be used to change your automatic direct deposits and automatic withdrawals to your new account with RiverHills Bank. Include those payments that may use your old debit card number, as well as any payments you make less often than monthly.

4. Close the Account at Your Previous Bank

Once all your direct deposits and automatic withdrawals have been changed, you can close your account. This prevents any charges or fees you may incur. Fill out the "authorization to close account" form and mail it to your old financial institution to have your account closed; any remaining balances will be sent to you.
